8th Annual - VIP Invite

Sarasota and St. Petersburg, Florida February 23rd - 26th, 2023

You are invited to Habatat's *Great Glass Getaway*
in beautiful Sarasota and St. Petersburg, Florida!

You are invited to join us for a much-needed glass vacation! The 8th Annual Glass Coast Weekend (GCW) takes place in late February of 2023 and coincides with the 5th anniversary of the Imagine Museum. This four-day event includes four incredible exhibitions, a MasterWorks Auction, VIP Basch gallery tour, VIP charity preview, artists' talks, a demo, a visit to the Ringling Museum Glass Pavilion and scavenger hunt, Clayton glass class, plus exclusive tickets to the five-year anniversary event at the Imagine Museum.

Last year, Habatat had the honor of hosting our GCW event on the campus of the Ringling College of Art + Design. We are so excited to be at the same location again for 2023! All the exhibitions and the auction will be held at the Ringling College of Art + Design's Studio Labs A. This professional studio is nearly 10,000 sq. ft., with 30-foot ceilings which allows us to present the largest for sale glass exhibition in the Southern United States! We are once again grateful to the Ringling College of Art + Design for inviting us back for this outstanding art glass experience.

This year we have focused on three presentations that pay homage to the past, present, and future of studio glass. The *Pioneers Exhibition* focuses our attention on 10 artists who impacted the history of this medium.

The second presentation will display an array of artists who are the reason that glass is an enduring medium for artists and collectors. They are *Legends* in this field and have made glass a sanctioned and very exciting art material.

A third exhibition involves the future, exposing new and bright talents that give us a hint of the amazing future of what can be created with glass. This exhibition titled *Gravity Bound Art* focuses on some of the most innovative and interesting artists working today. These exhibits were curated by Ferdinand Hampson, founder of the gallery and Aaron Schey, partner and owner of Habatat.
